Plants

Season 1957

American
Perennial Gardens

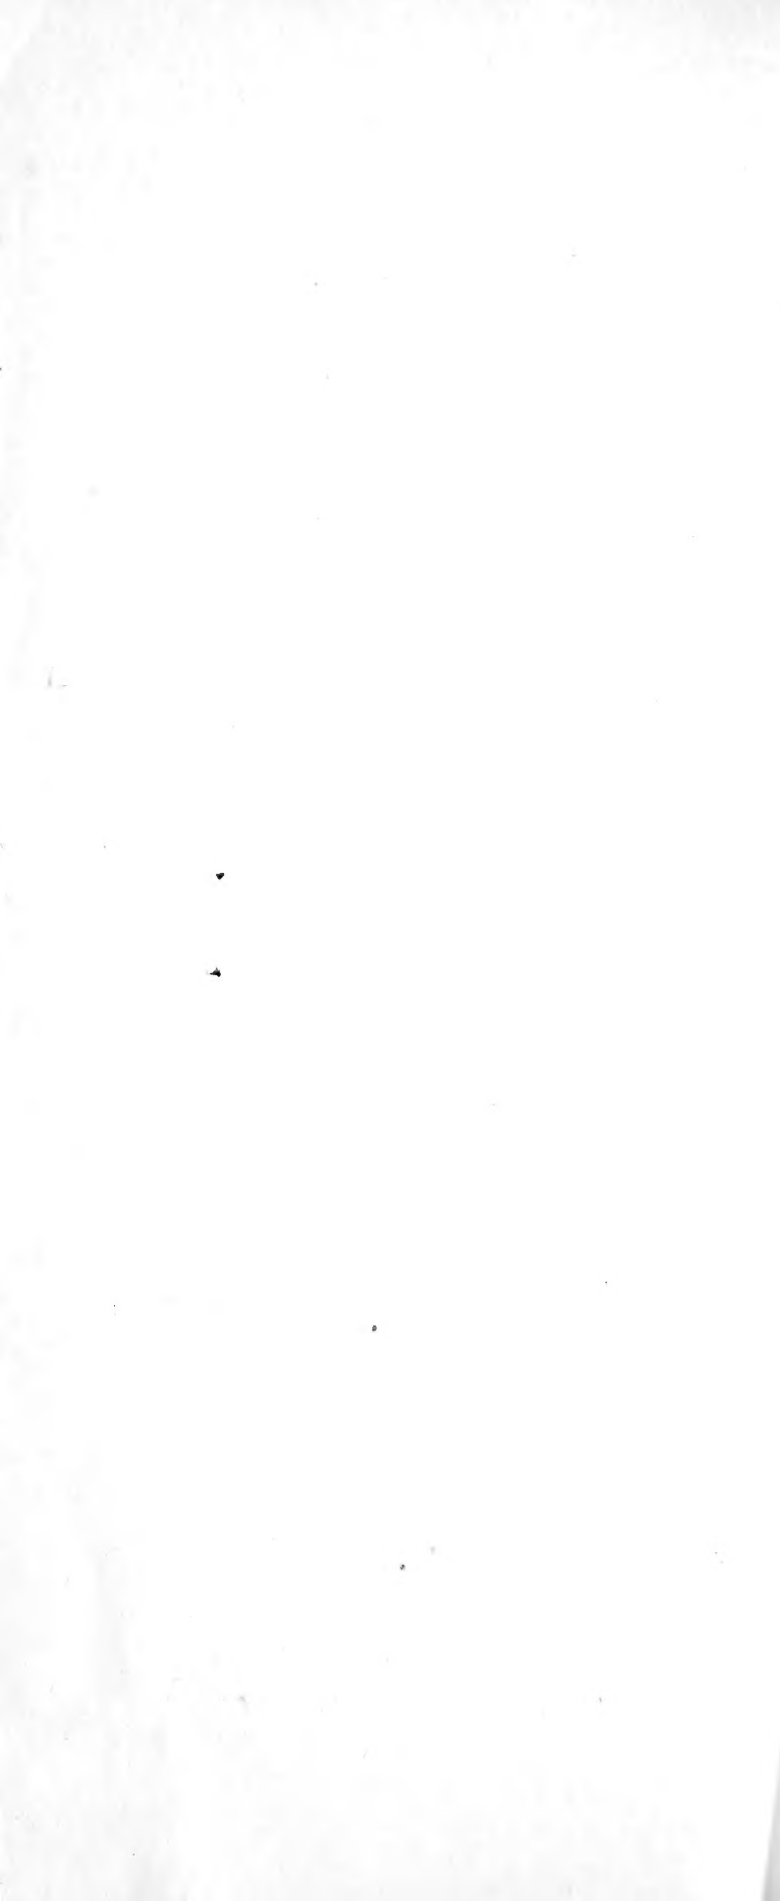

P. O. Box 37
Garden City, Michigan

HARDY ALPINES, ROCK PLANTS, GROUND COVERS, PERENNIALS AND WILD FLOWERS FOR SEASON 1957

All wild flowers in this list have been grown from seed, division, or cuttings. All were grown under ordinary nursery conditions exactly like any other perennials. Those loving shade are grown under lattice. Some, like trailing arbutus, twinflower and dwarf cornell are grown in containers in order that the root system will be less disturbed in moving. Collected plants do not have the compact root system of the nursery grown plant.

All orders will be filled with freshly dug plants.

We guarantee all plants to be true to name. Errors made by us will be gladly rectified if given proper notice. If any plants are found to be mis-named, we will replace them the next planting season or the original price will be refunded.

A certificate of inspection is attached to each shipment.

Five of one variety may be purchased for the price of four. We will quote quantity rates to gardeners or landscape architects who wish to buy in quantity for landscaping or naturalizing. Michigan residents add 3% sales tax.

On orders \$2.00 or less, please add 25¢ to help cover postage and packing. On orders over \$2.00, please add 10%. Express orders will be sent collect.

We wish to contact persons who collect or could collect Seeds of native wild flowers or other rare plants. Seed should be properly ripened and true to name.

American Perennial Gardens is located at 7050 North Venoy Road, (between Ford and Warren Roads) Garden City. Venoy Road is 4.7 miles west of Telegraph Road, U.S. 24.

Direct all mail to P.O. Box 37, Garden City, Phone LO 1-0712.

Send names and addresses of interested garden friends and we will gladly send them our lists.

The garden will be open for retail trade on Saturday and Sunday only. Visitors will be welcome on those days.

ACAENA - NEW ZEALAND BUR

BUCHANANII. Evergreen, very pretty bluish-green foliage of dwarf trailing habit. Light dry soil in sun.
.....\$.60

ACHILLEA - MILFOIL OR YARROW

ANGEL'S BREATH. New variety. Pure white double flowers on 30 inch stems. July-August.....60

- FILIPENDULINA, GOLDEN PLATE. Large flat heads of bright yellow on sturdy 3 – 4 ft. stems. June-August. Fine for garden show or cut flower. Can be dried for winter or used for ming-tree gardens.....60
- PTARMICA, THE PEARL. 18 inches. Clusters of semi-double flowers. A good filler plant and fine for cutting. June-August.....50
- TAGGETEA. Pale yellow flower clusters on sturdy 18 inch stems. June-September. Hot dry location....60
- TOMENTOSA AUREA. 6 inches. Compact, evergreen mats of foliage. Bright yellow flower clusters in June. Plant in poor soil in dry sunny spot.....50
- ACONITUM – MONKSHOOD**
- FISCHERI. A dwarf variety with dark blue flowers. Sept-Oct. 2 – 3 ft.....60
- NAPELLUS. Deep blue flower spikes. 4 – 5 feet high in July-August. An excellent borderplant.....60
- NAPELLUS ALBUM. A white form.....60
- NAPELLUS BICOLOR. A blue and white form.....60
- ACTINEA – ACTINELLA OR RYDBERGIA**
- ANGUSTIFOLIA. Golden daisies on 6 – 8 inch stems in spring.....50
- HERBACEA, LAKESIDE DAISY. Similar to Angustifolia. Very rare. Found locally only in the Great Lakes area.....50
- (Foliage of both Actineas evergreen, growing in low tufts. They are among the best of rock plants for a dry sunny location.)
- ACTINOMERIS – WINGSTEM**
- ALTERNIFOLIA. 4 – 8 feet. 1 – 2 inch yellow flowers in late summer on branching plant.....50
- AEGOPODIUM – GOUTWEED OR BISHOPSWEEED**
- PODOGARIA VARIEGATUM. Used primarily for its foliage. A ground cover for difficult location in either sun or shade.....50
- AETHIONEMA – PERSIAN CANDYTUFT**
- MIXED CORDIFOLIUM or PUCHELLUM. Dwarf shrublets with bluish evergreen leaves. Pink flowers in June.....75
- AGASTACHE – GIANT HYSSOP**
- FOENICULUM. Blue flowers. June-Sept. Foliage anise scented. About 5 ft.....50
- AJUGA – BUGLEWEED**
- GENEVENSI. 6 to 8 inch spikes of blue flowers in May or June above mats of green leaves. Ground cover for sun or shade.....50
- METALICA CRISPA. Rich purplish red foliage that is good all year, making it decorative and desirable. Bright blue flowers.....60
- REPTANS, PINK SPIRE. Spreading green leaves with 5 to 6 inch spikes of pink flowers.....50
- ALYSSUM – MADWORT OR BASKET OF GOLD**
- SAXATILE COMPACTUM. 1 foot. Bright yellow flowers in April - May.....50
- AMSONIA – BLUE STAR OF TEXAS**
- TABERNAEMONTANA. 2 feet. Leaves willow-like lasting late in fall. Small, soft blue flowers. May-June. Sun or light shade.....60

ANARRINIUM

CRASSIFOLIUM. Myriads of tiny pale blue flowers on 3 ft. spike-like racemes. Late spring or early summer. Related to snapdragon. Rare in U.S.\$.50

ANCHUSA – ALKANET or BUGLOSS

CAESPITOSA. Tufted plant, brilliant blue flowers in spring and early summer. Evergreen. A rock garden gem. 1 foot.1.50

MYOSOTIDIFLORA. Bright blue forget-me-not flowers on 12 inch stems in April or May. Sun or shade.60

ANEMONE – WINDFLOWER

CANADENSIS, BROAD-LEAF ANEMONE. 2 ft. 1¼ inch white flowers late spring or summer.50

ANEMONELLA – RUE ANEMONE

THALICTROIDES. 6 – 9 inches. White to pink tinged flowers. April-May. Light shade.40

ANTHEMIS – CHAMOMILE

MOONLIGHT. Pale yellow, daisy-like blooms 2½ inches across on 18 inch stems in early summer. Attractive finely cut foliage.60

AQUILEGIA – COLUMBINE

BLUE, SHORT SPURRED. This is a good blue flowered plant with exceptionally good foliage.50

CANADENSIS, AMERICAN COLUMBINE. 1 – 3 ft. Red and Yellow flowers. May-June. Sun or light shade.50

COERULEA, COLORADO COLUMBINE. 1 – 1½ ft. Long spurred blue and white. Sun or light shade.60

LONGISSIMA HYBRIDS. Very long spurred, pale yellow flowers.60

MC KANNA'S GIANT. A richly colored mixture. Large flowers and long spurs. All American selection in 1955. 3 ft.50

ARABIS – ROCK CRESS

ALPINA. Gray-green foliage covered with white flowers. April-May. 6 inches.50

ALPINA FLORE PLENO. A choice double white form of above.60

ROSABELLA. 6 inches. Large soft pink flowers. May - June.60

ARENARIA – SANDWORT

VERNA CAESPITOSA. A prostrate growing plant with foliage forming a bright green carpet starred with small white flowers. May-August.60

ARISAEMA – JACK IN THE PULPIT

TRIPHYLLUM. 1 – 2 ft. Green or brown-striped flower followed by showy red fruit in fall. Rich, moist shaded location. Small.35

Large.50

ARMERIA – SEA THRIFT

LARGE FLOWERED HYBRIDS. 1 – 1½ ft. Bright colors, large flower heads.55

LAUCHEANA. Rosy-red flowers above grass-like foliage. May-June. Intermittently all summer and fall. 6 – 8 inches.55

ARTEMESIA – SOUTHERNWOOD or SAGE BRUSH

FRIGIDA, PRAIRIE SAGEWORT. Silvery mounds of finely cut foliage. Blossom spikes to 15 inches.50

SILVER KING. Grown for 3 foot soft silver white foliage.55

- SILVER MOUND. 4 inches. Silvery gray fern-like foliage. Choice rock plant.....75
- ARUNCUS – GOAT'S BEARD**
 KNEIFFI. A graceful form with finely cut foliage. White flowers, May-July. Rich moist soil, part shade.....\$.75
- ASARUM – WILD GINGER**
 CANADENSE. A creeping ground cover for moist shade. April-May.....50
- ASCLEPIAS – MILKWEED**
 TUBEROSA, BUTTERFLY WEED. 2 ft. Showy orange flowers. June-August. Good drainage.....50
- ASTER – DWARF ASTERS**
 ALPINUS, ROCK ASTER. Dwarf, compact plant with bright blue purple flowers in spring. 9 inches.....50
 LILAC TIME. Silvery lilac flowers on bushy plants. September-October. 1 ft.....55
 SNOWSPRITE. Dwarf, compact bushy plant covered with white blooms in September. 1 ft.....55
 VICTOR. Clear lavender blue flowers in early September on 9 inch plants.....55
 STAR OF WARTBURG. Large lilac-blue flowers with orange centers on sturdy 12-15 inch stems. June....60
- ASTILBE – PERENNIAL SPIRAEA**
 Easily grown, summer blooming perennials for the border, rock garden or in front of shrubs. About 18 inches. Best in a rich moist soil in part shade.
 EUROPA. Clear pink.....1.00
 FANAL. Intense dark red.....1.00
 GLADSTONE. Pure white.....1.00
 GLORIA PURPUREA. Dark rose.....1.00
 MONTGOMERY. Deep bronze red with dark red foliage. New from Europe.....1.25
 PEACH BLOSSOM. Light rose.....1.00
 SINENSIS PUMILA. A dwarf astilbe with ferny leaves. 8 – 12. lilac rose spikes.....80
- BAPTISIA – INDIGO**
 AUSTRALIS, BLUE WILD INDIGO. 4 – 6 ft. Blue flowers in June in loose flowered long terminal racemes. Attractive lupine foliage.....60
- BELAMCANDA – BLACKBERRY LILY**
 CHINENSIS. Open lily-like flowers. Orange, dotted crimson. Seed stalks useful in winter decorations. 2 – 3 ft.....50
- BUPHTHALMUM – WILLOWLEAF OXEYE**
 SALICIFOLIUM. 15 inch. All yellow long petalled daisy-like flowers. All summer.....60
- CALLIRHOE – WINE POPPY**
 INVOLUCRATA. Rose-purple flowers from late spring till fall. A fine creeper for dry bank in full sun.....50
- CAMASSIA – CAMAS LILY**
 ESCULENTA. 1 – 2 ft. Deep cornflower blue flowers in spring. Moist location. Light shade.....3 for 75
- CAMPANULA – BELLFLOWER**
 ALLIARIAEFOLIA. Clear white bells from 1½ to 2 foot stems.....50
 CARPATICA. Compact mounds of foliage with masses of erect blue bells. June till October. Excellent in the rock garden, border, or wall garden.....60
 CARPATICA ALBA. Similar to above, but with masses of white flowers.....60

MEDIUM, (CANTERBURY BELL). 2 ft. Bien. Double mixed. All colors.....	\$.50
PERSICIFOLIA. Clear blue bell shaped flowers on two foot stems. June-July.....	.60
ROTUNDIFOLIA - BLUE BELLS OF SCOTLAND. 9 - 15 inches. Dainty bell shaped flowers. June till frost. Sun or shade.....	.50
CARNATION - HARDY GARDEN CARNATIONS	
GRENADIN. Double mixed only. 12 - 18 inches.....	.50
CASSIA - WILD SENNA	
MARILANDICA. 3 - 4 ft. Attractive light green foliage. Bright yellow flowers in axillary racemes near top of stalks. July-August. Wet or dry soil. Full sun.....	.60
CENTAUREA - PERENNIAL CORNFLOWER	
Hardy and showy perennials for the sunny border. Good cut flowers.	
DEALBATA. 2 ft. Attractive rose-pink. June-July....	.55
MACROCEPHALA. Showy golden yellow blooms on 3 - 3½ foot stalks. July-August.....	.55
MONTANA. Large violet-blue flowers on 2 ft. stems late June till Sept.....	.55
CERASTIUM - CHICKWEED	
ALPINUM LANATUM. 2 inches. Woolly gray foliage covered with white flowers in June. Sun.....	.50
CHRYSANTHEMUMS - HARDY GARDEN MUMS	
ALEX CUMMING. Rich 3½ inch recurved blossom, cerise to deep rose. 2½ ft. October.....	.85
ARISTOCRAT. 3½ inch bloom deep cerise, overcast claret. Outstanding. 2 ft. Late September.....	.85
BOWL O'GOLD. Always a top yellow cushion. 1 ft. September.....	.85
CHRIS COLUMBUS. Large decorative pompon. Cream white. Tall. Sept.....	.75
COPPERSMITH. 56 Bristol introduction. 3½ inch blossom burnished terra-cotta bronze to deeper amber. 20 inch. September.....	1.25
COQUETTE. Clear rose pink cushion. 15 inch. September.....	.75
COURAGEOUS. Dark red ruby. 26 in. Early October.....	.75
FASCINATION. Giant 4 in. flowers of silvery lavender pink. 2 ft. Late September.....	.75
FLAMBOYANT. Vivid scarlet bronze and tangerine blend. 28 in. Sept.....	.75
GOLDEN HOURS. Lively chrome yellow blooms 2½ in. Mid-Sept. 2 ft.....	.75
JOYOUS. Rose pink blooms, hazed with gold. 18 in. Late Sept.....	1.00
LAVENDER LADY. Clear silvery lavender. 3 inch blooms on 2½ ft. plant. Late September.....	.75
MARIONETTE. Rust red pompon. Late September....	.75
NEW MARJORIE MILLS. 2½ inch blooms of ruby-red overlaid bronze. 18 inch. September.....	1.00
SAM WILLISTON. Deep red. Short. October.....	.75
SILVERPLATE. Medium decorative pure white. October.....	.75
SPELLBINDER. Huge 4 inch blossoms. Butter yellow. 2 - 2½ ft. Late September.....	1.00

- YELLOW CHRIS COLUMBUS. Medium large decorative. Bright lemon. Medium. September.75
- YELLOW SPOON. Golden yellow. 2 ft. October.\$ 75
- In our fall display you will find others, of the better older varieties as well as some of the 1957 introductions. Come out and see them.
- CHRYSANTHEMUM MAXIMUM – SHASTA DAISY**
- DIENER'S G. MARCONI. New giant double, ever flowering.75
- DWARF CHIFFON. A much frilled dwarf. Height about 1 ft. Flowers about 2½ in. in diameter, with small yellow centers. In bloom most of the summer.1.00
- MAJESTIC. Immense white flowers. 5 – 6 in. with small yellow center. Double row of overlapping petals, makes flowers full, compact and firm. 28-30 in. stems prolifically produced. Medium early.75
- MAY QUEEN. A very fine and large daisy. Earliest of all. 2 ft.50
- MOUNT SHASTA. Pure white fully double flowers with high crested centers on 24 in. stems. A vigorous grower. Fine for cutting.75
- CHRYSOGONUM – GOLDENSTAR**
- VIRGINIANUM. Golden yellow flowers all summer. 6 in. Light shade.60
- CIMICIFUGA – SNAKEROOT or BUGBANE**
- RACEMOSA. Small white flowers in long slender spike on 4 – 6 ft. stalks. Summer. Moist rich soil. Part shade.50
- WHITE PEARL. 3 ft. White plume-like flowers on long stems. Long lasting as cut flowers. Shade.1.00
- CLEMATIS – DWARF SHRUBBY CLEMATIS**
- DAVIDIANA. Dense clusters of deep blue fragrant flowers to 4 ft. Summer blooming.1.00
- MANDSCHURICA. 3 ft. Fragrant white flowers in July. Fine for cutting.65
- COREOPSIS – TICKSEED**
- DOUBLE NEW GOLD. 2½ ft. a splendid new double. 60
- CORYDALIS – FUME ROOT**
- AUREA. Bien. Bright yellow blooms in spring on 6 – 12 inch stems. Attractive gray-green foliage.50
- DELPHINIUM – LARKSPUR**
- For the background of the perennial border or for cut flowers, delphiniums are one of our most important and satisfactory perennials. Plant in rich and well drained soil. Remove faded flowers for continuous bloom.
- BLACKMORE AND LANGDON HYBRIDS. A fine English strain; enormous flowers on erect rigid spikes. 5 ft.75
- DIANTHUS – GARDEN PINKS**
- ALWOODII ALPINUS. Sweet scented dwarf pinks, white to crimson through lilac and pink.50
- ARENARIUS. Fragrant, white fringed, 6 inches.50
- DELTOIDES. Dwarf, tufted, rosy pink. June.50
- GELIDUS. Dwarf, fringed, fragrant, pink. 8 – 10 in.50
- MYRTINERVIS. Pink flowers on thyme-like mat. 2 in.60
- PERISTERI. Mat forming, resembles silene acaulis, small pink flowers all summer. 1 in.60
- WINTERII. Large single flowers, carmine ring. 12 – 18 in.60

- ESSEX WITCH. Dwarf compact plant, rose pink. 5 in.
.....\$.60
- HER MAJESTY. Fragrant, double white. 8 in.60
- NEGLECTUS COMPACTA GLAUCA. Neat cushion
mounds. Deep pink single fragrant flowers. Rare.60
- TINY RUBIES. Miniature, rose pink carnation-like
flowers. 4 - 5 in.60
- DICENTRA - BLEEDING HEART**
- EXIMIA - FRINGED BLEEDINGHEART. 18 in. Heart
shaped nodding rose colored flowers. April-September.
Moist location. Light shade or sun.60
- FORMOSA - WESTERN BLEEDINGHEART. 12 - 18
in. Similar to eximia. Possibly more floriferous.60
- SPECTABILIS. An old time favorite for a well drained
rich soil in either full sun or light shade. The long
racemes of hanging pink flowers appear in May and
June. Field grown clumps.1.00
- DICTAMNUS - GAS PLANT**
- Another old-time garden favorite. One of the most beau-
tiful and permanent of perennials. Plants have been
known to live for generations. Use as lawn specimens
or in border. Effective in flower or foliage. Do not
disturb often as they improve with age, producing taller
and more stems as they grow older. Moderately rich
soil in sun or light shade.
- FRAXINELLA ALBA. 3 ft. Long lasting white flowers.
June and July. Useful for cutting. Fragrant.1.00
- FRAXINELLA RUBRA. The same fine shrub-like
growth as alba with rose pink flowers.1.00
- DIGITALIS - FOXGLOVE**
- PURPUREA, EXCELSIOR HYBRIDS. A new English
strain, 4 - 5 foot spikes completely encased in large,
up-turned trumpets of white, pink, or crimson, Blotched
inside with deep purple.50
- DORONICUM - LEOPARDBANE**
- CAUCASICUM. Large yellow daisy-like flowers on 2
foot stems in May. Good cut flowers.85
- CORDIFOLIUM. A choice dwarf doronicum of about 1
ft.1.25
- DRABA - WHITLOW GRASS**
- CARINTHIACA. White flowers on 6 - 8 inch stems
above caespitose green cushions in May.50
- EPIGAEA - TRAILING ARBUTUS**
- REPENS. A prostrate under-shrub with evergreen
leaves. Fragrant white to pink flowers clustered in
leaf axils. Early spring. Humus filled soil in part shade.
Pot grown plants.1.25
- ERYNGIUM - SEA HOLLY**
- AMETHYSTINUM. 2½ ft. Flowers and foliage deep
blue. July-Sept.65
- EULALIA - ORNAMENTAL GRASS**
- GRACILLIMA. Narrow leaved bright green foliage.
6 ft.50
- EUONYMUS - EVERGREEN BITTERSWEET**
- RADICANS VEGETUS. A hardy evergreen vine for
climbing stone, brick or concrete walls. Also useful
as a ground cover in sun or shade. Size 8 - 10 in.
.....1.50
- EUPATORIUM - HARDY AGERATUM**
- COELESTINUM. 12 - 14 in. Light purple blue flowers,
similar to ageratum. August till frost. Light shade or
sun.50

- MACULATUM — JOE-PYE-WEED. Purple flowers in large terminal plume. Autumn..... .50
- EUPHORBIA — SPURGE OR MILKWORT**
- COROLLATA — FLOWERING SPURGE. 2 — 3 ft. Conspicuous small white flowers in summer. Excellent long lasting, used in bouquets as a filler. Sun..... .60
- MYRSINITES. A valuable plant for its beautiful blue-green foliage and yellow flowers in spring. Prostrate..... .75
- POLYCHROMA. 1 ft. Formal hemispherical clump covered with yellow flowers through May and June. Fine border plant..... .75
- FERN**
- POLYSTICHUM ACROSTICHOIDES — CHRISTMAS FERN. An evergreen fern for a rich well drained soil in partial shade. 1 — 2 ft..... .60
- GAILLARDIA — BLANKET FLOWER**
- ARISTATA. 18 inches. 3 — 4 inch flowers over long season. Rays yellow with some red..... .50
- BABY COLE. Forms a neat and compact plant only 6 inches high and 1 foot across. Red and yellow blooms all summer..... .1.00
- DWARF GOBLIN. Bicolored red and yellow flowers all summer on 1 foot stems..... .50
- THE WARRIOR. 3½ inch blooms of richest ruby-red overlay luxurious mahogany bronze on 3 foot sturdy stems..... .1.00
- GALAX — WANDFLOWER**
- APHYLLA. 4 — 12 in. Evergreen ground cover for partial shade. Flowers a creamy white spike..... .75
- GAULTHERIA — WINTERGREEN**
- PROCUMBENS. Evergreen leaves on 4 — 6 in. Stems. Delicate pink, bell shaped flowers followed by bright red berries. One of the choicest ground covers in light shade..... .50
- GENTIANA — GENTIAN**
- ANDREWSII. 1 — 2 ft. Closed blue flowers. September-October. Moist or garden conditions. Sun or light shade..... .50
- ANDREWSII ALBA. A very rare and beautiful form of the above. Similar culture..... .75
- GERANIUM — CRANES-BILL**
- MACULATUM — WILD GERANIUM. 1 — 2 ft. Lavender-purple 1¼ in. flowers. May-June. Light shade..... .50
- WEBBII. Dark green trailing foliage. Wine colored flowers all summer..... .75
- GEUM — AVENS**
- Grows best in a good soil, sunny location where soil is not too dry in summer.
- BORISII. Orange red flowers May-June on 12 inch stems. Foliage also attractive. Choice rock plant..... .75
- LADY STRATHEDEN. 2 ft. Deep golden yellow flowers..... .60
- MRS. BRADSHAW. 2 ft. Double fiery red, all summer..... .60
- ROSSI (SIEVERSIA TURBINATA) — PRAIRIE-SMOKE. Finely cut, mostly basal leaves green or purplish. Flowering stem 6 — 10 in. Calyx dark or purplish green with yellow petals..... .50
- TRIFLORUM (SIEVERSIA CILIATA) — PRAIRIE-SMOKE. Low, softly hairy, deeply cut leaves, mostly

basal. Three or more flowers on long stems. Calyx and petals rose-red to purplish. Fruit showy and interesting all summer.....50

GYPSOPHILA – BABY'S BREATH

OLDHAMIANA. 3 ft. Continuous bloomer with large flesh pink tinted flowers. Fine for cutting. July to September.....\$ 60

REPENS ROSEA. A trailing form of baby's breath covered with pink flowers late spring and summer. A very neat mat of foliage. Choice rock or wall plant. 60

HELIANTHUS – PERENNIAL SUNFLOWER

LODDON GOLD. Large dahlia-like flowers of bright yellow up to 5 inches in diameter. 4 – 5 ft. July-August. If kept cut will bloom until frost.....75

HELIOPSIS – FALSE SUNFLOWER

PICHERIANA. 2 – 3 ft. Yellow daisy-like blossoms. August – Sept. Clump 3 – 4 ft. wide. Dry location in sun.....50

SCABRA INCOMPARABILIS. Semi-double, 3 inch blooms of golden yellow late June till early fall....65

SCABRA GOLDGRUNHERZ. Butter yellow with green center. New from Europe.....75

SCABRA VITELLINA. 3 ft. perfectly double golden yellow.....65

HEMEROCALLIS – LEMON OR DAYLILY

AUGUST PIONEER. Chrome-orange, flushed red. August-September. 42 in.....75

FLAVA. Sweet scented clear yellow. June. 30 in....50

GOLDUST. Low growing. Golden yellow.....50

HARBINGER YELLOW. Light gold, slightly ruffled. Good. 40 in.....75

HYPERION. Clear light yellow, very large. One of the best. 40 in.....75

J.A. CRAWFORD. Apricot yellow. June-July 42 in.50

KWANSO FLORE PLENO. Bright gold. 3 rows of petals. 4 – 5 ft.....65

LEONIAN HYBRID. Pastels to dark red. 3 – 5 ft....65

MIKADO. Orange and mahogany red. June-July. 3 ft.50

OPHIR. Golden yellow, large flowered. One of the best. July – August. 3½ ft.....50

RAJAH. Scarlet to Brazil red. July-August. 4 ft....75

VESTA. Golden orange. June-July. 30 in.....75

HEPATICA – LIVERWORT

ACUTILOBA – SHARPLOBE HEPATICA. 4 – 6 in. Semi-evergreen. White to pink or lavender-blue flowers in early spring. Shade to light shade.....40

AMERICANA – ROUNDOLOBE HEPATICA. Similar to acutiloba, but rounded leaves.....40

HEUCHERA – CORAL BELLS or ALUM ROOT

AMERICANA – AMERICAN ALUM ROOT. 1 – 2 ft. Semi-evergreen mottled foliage. Greenish flowers in June. Light shade.....50

PERRY'S WHITE. A fine pure white. All summer. 2 ft.70

SANGUINEA. Bright crimson flowers on 15 inch stems. June – Sept.....70

VILOSA, HAIRY ALUM ROOT. White flowers on 9 – 15 inch stems. Fine in rich moist partial shade.....50

HIBISCUS – MALLOW

GIANT FLOWERED MIXED. Heavy (No. mail orders) 5 ft.....1.25

- MOSCHEUTOS – ROSEMALLOW. 3 – 8 ft. Large light rose. Moist location or garden conditions.....65
- HOSTA – PLANTAIN LILY**
Excellent plants to grow for their foliage and lily-like flowers. Best in rich soil and partial shade.
- COERULEA. Lavender blue flowers. July-August. 3 ft.....75
- DECORATA. Green leaves with white edge. August. 2 ft.....75
- ERROMENA. Flowers pale lilac. 2½ ft.....75
- FORTUNEI VIRDIS MARGINATA. Large olive green leaves with dark green margin. 2 ft.....1.25
- HONEYBELLS. Flowers of soft lavender blue, with creamy underbase and darting blue pencilings, plus enticing fragrance. 3 foot stems. July-August. Lush green foliage.....1.50
- LANCIFOLIA ALBA MARGINATA. Lavender flowers. August. 2 ft.....60
- MINOR ALBA. Bright green foliage. White flowers. August-Sept. 1 ft.....60
- SUBCORDATA GRANDIFLORA. Fragrant white flowers. August. 2½ ft.....80
- VARIEGATA. Green leaves, edged and veined creamy white. 1½ ft.....65
- HOUSTONIA – BLUETS**
CAERULEA. Tiny leaves in one inch tufts completely covered by little blue, yellow eyed flowers in spring. Some all summer.....50
- IBERIS – PERENNIAL CANDYTUFT**
Shrubby plants with dark green, evergreen foliage useful as edgings to walks, borders, or in the rock gardens.
- PURITY. Clear white flowers in dense masses entirely cover plant when in bloom. Compact and uniform in growth. Good edging plant.....65
- PYGMEA. Very dwarf semi-trailing form. Abundant white blooms. A very rare and fine rock plant....1.00
- SNOWFLAKE. 6 – 8 in. Large pure white flowers borne in great masses during May and June.....60
- INULA ENSIFOLIA**
A good compact perennial with dense narrow foliage and daisy-like yellow flowers on 12 – 15 inch stems. July – August.....75
- IRIS KAEMPFERI – JAPANESE IRIS**
Great flat flowers with waved petals growing on thin sturdy 3 foot stems with 2 or 3 buds to a stem. Established clumps will have 6 to 10 stems. Late June and July flowering.
- FASCINATION. Light powder blue, veined white, changing to a lighter shade as the flower opens....75
- MAHOGANY. Large double dark mahogany-red flowers. A rare color and beautiful flower.....75
- PURPLE AND GOLD. Rich smooth velvet purple with prominent golden throat. Large double flowers.....75
- ROSE ANNA. Light wine red, heavily veined purple and clear golden banded throat. Double.....75
- IRIS SIBERICA – SIBERIAN IRIS**
CAESAR'S BROTHER. Deep pansy violet flowers on 2½ foot stems early May-June.....65
- SNOW QUEEN. A snow white counterpart of Caesar's Brother.....65

IRIS SPECIES

- CRISTATA - CRESTED IRIS. 4 - 6 in. Sky-blue with yellow fringed crest. May. Sun or light shade.50
- FULVA, THE COPPER IRIS. 3 in. bright bronze-red flowers on 2 ft. stalks in late spring.65
- PSEUDOACORIS - YELLOW FLAG. Clusters of bright yellow flowers on two foot stems. May-June.50
- VERSICOLOR - BLUEFLAG. 3 - 4 in. lavender blue flowers, the sepal bases yellow with bronze veining. 2 - 3 ft. stalks. Either moist or garden conditions in sun.50

LAVANDULA - LAVENDER

- SPICATA NANA ATROPURPUREA, HIDCOTE VAR. Dwarf, compact, silvery foliage. Deepest purple blue of all lavenders. 9 in.75
- VERA. Fragrant blue flowers in July and August. Aromatic foliage. 18 in.75

LIATRIS - BLAZING STAR OR GAYFEATHER

- SCARIOSA - BUTTON GAYFEATHER. 4 - 6 ft. Rose-purple flowers in ½ - 1 in. heads on long spikes. August-September, Dry Sun.50
- SCARIOSA ALBA. A selected white form of above.60
- SPICATA - SPIKE GAYFEATHER. 3 - 5 ft. Dense spikes of rose-purple flowers. July-September.50

LILIUM - LILY

- CANADENSE FLAVUM - YELLOW MEADOW LILY. 2 - 5 ft. Yellow flowers spotted purplish-brown. Sun or light shade.50
- SUPERBUM - AMERICAN TURK'S CAP LILY. 3 - 8 ft. America's most showy lily. As high as forty 3 - 4 in. nodding orange-scarlet blossoms per plant. Moist or garden conditions.60

LINNAEA - TWINFLOWER

- AMERICANA. Evergreen trailer. Pink flowers in pairs early summer. Cool location in shade.50

LINUM - FLAX

- FLAVUM. Profuse quantities of waxy yellow flowers on attractive 12 in. plants. Summer.60

(We will be unable to fill mail orders on Yucca)

We are often asked to give the soil reaction (pH) preferences of certain wild flowers. To answer that question we will give our experience here. Drainage, moisture, temperature, light, air circulation, fertility, and soil texture appear to be the controlling factors in where a plant grows. Meet these requirements and for get (pH) preferences.

We have many items in quantities too small to list, Inquiries invited.
